The Division has completed its review of your latest response (received January 29, 1988) concerning the mining and reclamation plan for the above reference project. The application now meets the requirements of the Utah Mined Land Reclamation Act, and tentative approval is hereby issued.

The Division will now forward a summary of the mining and reclamation plan (attached) to the appropriate newspaper agencies for publication. Assuming that no adverse comments are received within the 30 day public comment period, the Division will proceed with final approval on receipt of an acceptable form of reclamation surety in the amount of \$115,000.00 (in 1991 dollars - see attached estimate.
